## Who is Plain Compassion?

The vision of Plain Compassion Crisis Response is to spread the love of God through disaster relief and humanitarian aid and to equip this generation with the leadership skills needed to live a God-honoring life in today's world. Plain Compassion Crisis Response is a non-profit service organization that was formed the fall of 2014. The purpose of forming this organization was to provide international disaster response services as a means of showing God's Love, and for opening doors to share the Good News to the lost and dying who have not heard. The specific need/opportunity presenting itself was the ISIS refugee crisis in the Kurdistan region of northern Iraq and surrounding areas. You can find more information about their work with Syrian, Venezuelan, and Iraqi refugees at [plaincompassion.org](http://plaincompassion.org).
